I agree. That 40 people have banded together speaks to the power of unity, but when it allows the destruction of a Democracy, we must use our power at the ballot to vote them out. We need a plan to eliminate them, permanently.

It's kind of early for House GOP to be leaking internal polls that are more favorable than all the public polls - tho Dems still win it. Reminds me of GOP firms saying Roy Moore would win by 5+

@neeratanden My story certainly owes a big intellectual debt to @davidfrum's essay, and work by others-- @henryolsenEPPC, @BrucePurple.

Would love an explanation from the Julian Assange apologists for this behavior by Assange to send dirt on Mark Warner to Sean Hannity.

> Never been clear how messaging so quickly makes its way from @wikileaks (ie the Kremlin) to America's traitorous far right. Now, thanks to @JulianAssange's carelessness, we have our answer: "other channels." @seanhannity has some explaining to do. thedailybeast.com/julian-assange...

Julian Assange needs to eat. And currently, a man named Vladimir is feeding him. So he's got to do what he's got to do.

I'm not watching but can't wait for @ChrisCuomo @maddow @JoyAnnReid @wolfblitzer to give a fair assessment and not just call it Presidential if he stays on script with something he didn't write. (We'll know if there is adult vocabulary and complex sentence structure.)

I'm not listening or watching Trump make a speech that was written by Stephen Miller. They're not sound words. Trump is not capable of expressing anything but nonsense.

Never too early to organize.
Don't fret, plan
Don't panic, donate
Don't retreat, volunteer
Don't boo, vote

Dear Followers,
The midterms are the most important of my lifetime. If the GOP win, even worse will happen after November. So I'm going to use my twitter feed in a new way: to push people towards not just voting, but activism & volunteering ahead of the elections.

What a great townhall! Was so honored to discuss the Resistance with a visionary, strategic leader like @bradhoylman who is fighting Trumpism in every way he can.

Noah Gardy @Noah_Gardy
"That's what will save America. People voting and saying I do not assent to this. I oppose and I fight."

The left is so divisive. The logo "resistance" says it all. Divide not unify. America is tired.

After Missouri's results last night, let's make sure @ConorLambPA is next. I'm sending him another donation. Let's all send him some support to stop the GOP from buying the seat.

Is there a way to send him money without getting just bombarded with e-mails afterwards asking for more? I donated to Hillary and I'm STILL getting e-mails from her. Junk mail is ridiculous. I just want to give money and be left alone.

38% approval for Trump and Dems lead by 11 in the generic. But regardless of what the polls say, we all have to organize for the national elections. And help now @GoodforFlorida for her election this Tuesday and @ConorLambPA for his election on March 13th.

Neera, would you consider joining a Skype call with Conor Lamb at a CA house party to raise funds for his campaign? Feb 25 evening.

We had about 4000 Benghazi hearings. Why isn't there a single one on the deaths of soldiers in Niger?

Of course Trump isn't going to fire Kelly. He thinks Porter is a good guy - hence his remarks that he wishes him well. For all we know, Trump wouldn't have fired Porter. Stop falling for the WH spin. Trump's words are most important and Trump is defending Porter.

Of course he is. Like Fred defended Ricky when Lucy cowered like Ricky was going to hit her. When Ralph threatened to send Alice "To the moon" w/a clenched fist America laughed. There's an entire generation who grew up watching sitcoms that joked about spousal abuse. That's Trump

Bingo. If Kelly *is* fired it will be because he gave dt reasons to question Kelly's loyalty. Nothing else matters. It won't stop the press from praising dt for firing someone incompetent though, like that had ever mattered to him.

As far as I know, @EricLiptonNYT at the Times and James Risen at @theintercept are the only reporters to fully acknowledge the media's role. Maybe there are others but I haven't seen them.

I don't understand why @google and @facebook are exempt from these rules. It's the 21st century. Digital advertising is growing larger than tv. Time for the rules to catch up.

> **Nick Confessore** @nickconfessore
> Currently, @FCC requires every television station in America to disclose detailed info on political advertising purchases: Purchaser, price, target, etc.

Facebook is much more dangerous than tv. They disclosed recently that they have ~300 million "fake & duplicate" users. Who are these fake users? If automated, much more dangerous than advertising in spreading propaganda because organic.

I'm honestly surprised journalists are so openly stating their willingness to give every benefit of the doubt to Trump when they did no such thing for his opponent. This is what feeds liberal distrust of mainstream journalism to a point that is reaching conservative distrust.

Aside from the fairness the argument is illogical. we know they WERE willing and able to cooperate. Donald Jr. took a meeting. Trump hyped the WikiLeaks hacked emails. Manafort oversaw the changing of RNC memo. It just doesnt fit facts we know already

So American voters, users of FB, are not sophisticated enough to determine what is & is not fake news? Similar to the idea that white women voters are intimidated by their husbands, bosses & sons when voting in the presidential election.

It's a disaster. The whole point of pushing open primaries is so that Bernie can finally win. Democrats are going to face a disastrous 2020 primary if they keep adopting horrible pro-Bernie agendas.

Open primaries helped elect Lipinski tonight. The party has it share of blame but no doubt Republican votes helped put him over the top.

probably at least 20 former friends and family got sucked in by the crap that was on FB during that time and when I'd post Fact-check.org info, they'd DELETE my posts! They were completely duped. Not sure they will ever admit it even if this all comes out.

I KNOW people whose votes were affected by fake, anti-Hillary crap on Facebook. So, there's 2 votes. This is not that complicated!

Anybody else?

probably at least 20 former friends and family got sucked in by the crap that was on FB during that time and when I'd post Fact-check.org info, they'd DELETE my posts! They were completely duped. Not sure they will ever admit it even if this all comes out.

Intensity matters in politics and matters the most in midterms. We have had two national protests that have brought out millions since Trump won. More than have protested in decades. Polls fluctuate. But we are the majority. And we are going to win.

Donald's life in general should have ruined his political aspirations!! He cheats at everything, we knew he was a dirty douchebag, he won 3 states by a total 100K votes. Now we find all the assistance he had.. Can we start saying #Illegitimate yet?

I don't know if Trump will attack the rule of law by curtailing the special prosecutor. But if he does we must act. Come to the Capitol. This would be a moment in history where your grandchildren will ask you what you did to save the country

This seems pretty obv, but if he is innocent, why does he keep trying to fire Mueller, and why did he fire Yates, Comey, and McCabe?

Doesnt add up.

Two things can be true:

1. Comey's firing was obstruction of justice
2. His actions regarding the emails were self-serving malpractice that has caused the suffering of millions of people. #noherohere

Neera, I believe he will help bring down Trump. Does that mean I'm not angry about what he did to the election? No. I am furious, feel cheated and want answers from Comey. In my opinion it doesn't negate his 22 years of service. I think he made a huge mistake.

A lot of people missed this. Comey's hand may have been forced. Had he kept quiet, things could have been much worse.

No, it isn't insane. The ADL claims to be a civil rights org but facilitates training exchanges for US police with Israeli units where racial profiling is not just common but embraced as a tactic. THAT ■ insane.

It is also really unbecoming to take unjustified shots at women of color activists who are fully in the right as they challenge powerful institutions.

So if the President really gives Rod Rosenstein or Chris Wray an order (as opposed to Twitter bluster) demanding a particular investigation not properly predicated under FBI/DOJ guidelines for this overtly political purpose, I believe both men will resign rather than comply. /6/

They're trying to change history—don't let them. In the chaotic atmosphere of 2020, the Wayback Machine is a crucial resource in the fight against disinformation, and now more than ever we need your help. Right now we're preserving history as it unfolds, keeping track of who's saying what and when—all without charging for access, selling user data, or running ads. Instead, we rely on the generosity of individuals to help us keep the record straight.

Right now, the Internet Archive (which runs this project) has **a 2-to-1 Matching Gift Campaign, tripling the impact of every donation.** If you find our public record useful, please chip in.

They're trying to change history—don't let them. In the chaotic atmosphere of 2020, the Wayback Machine is a crucial resource in the fight against disinformation, and now more than ever we need your help. Right now we're preserving history as it unfolds, keeping track of who's saying what and when—all without charging for access, selling user data, or running ads. Instead, we rely on the generosity of individuals to help us keep the record straight.

Right now, the Internet Archive (which runs this project) has **a 2-to-1 Matching Gift Campaign, tripling the impact of every donation.** If you find our public record useful, please chip in.

A great thing to do Memorial Day weekend is to talk about the elections to your friends and neighbors and remind all of them to vote. Anyone who isn't registered? Help them get registered

Can we PLEASE talk abt the fact Stone's middleman with Assange (named during testimony) was a staunch supporter of Bernie with ties to his campaign? Was he feeding Bernie info as well?

Why has no one connected these dots? Why is no one asking questions?

Friends we can all do this. Ask everyone you know if they are registered and if they aren't, help them get registered. Contact your distant relatives. This election will determine whether we safeguard our democracy or level it.

the "interest" is in actually changing the political status quo regarding what is acceptable immigration policy, so we have to face neither the horror of Trump's immigration policy, nor the horror of Obama's, in the future.

Can anyone share an assessment of where the polling is? Nobody should vote for Dems with no chance of winning, otherwise the Dem vote will be split and they'll be locked out of the runoff. Who can give guidance on which candidates are viable in that district?

could be construed as a call to overthrow a gov't. i don't think, even just 'implying' that will sit well with merkel. trump wants to ruin germany because of how bavaria treated his grandfather - expelled him. the reason is what made friederich illegal, here. trump loves grudges

MSNBC is destroying their rep over Joy Reid. To date, no straight talk from any adults about her lying about hacking, or FBI shenanagins. If others there chose or were asked to be complicit, how do we trust them as a news organization on tech reporting?

Why do you assume she's lying? She thought she was hacked because she didn't believe she wrote these things. She hired an expert. They didn't find actual exoneration. She apologized profusely.

Sorry but can you point to the place where she apologized for willfully misleading her viewers about the hack? Unless you're saying that was a good faith belief, in which case we really are at total disconnect here.

I'm looking forward to @edhenry asking Sean Hannity if he wiped his phone. #NeverForget

Am I the only person thinking Trump is going after @JustinTrudeau because, like @BarackObama, he's young, smart, dignified and attractive? And progressive. Basically the opposite of Trump.

Just step back and think about all these amazing people who are winning the Dem primaries tonight. Think about a Congress full of new public servants we admire. That is what we can do this November. We can change the House and the country.

I live in CA and it felt so good to vote today! Each day since Nov. 9, 2016 Ive felt frustrated, incensed, helpless and depresssed. Side note: the voting center was FULL of women. #ByeByeMimi #BlueWave

Thank you all for voting! We had ours in March and it felt like YES finally something more I can do than calling and writing and donating.

I'm ready for canvassing.

I remember @KellyAyotte giving an interview on Meet the Press relatively soon after the 2010 midterms and making clear in the process that Republicans had elected a group of people who did not have the qualifications or awareness to govern. No way that happens this time around.

With great respect for Sen Sanders, Mark Longbaugh's statements in this article make little sense. There's been a greater surge in people identifying as Dems since 2016 than during Sanders' run. Also, a party gets to say it will nominate members of the party. Feel free to join.

How about making the Dems a real membership party? Here's my argument for doing just that:

CA's primary turnout this off year will almost be as large as it's last off year general election. The blue wave is building stronger and stronger and it will crash into Trump and his GOP cronies this November

This is just beyond the pale. Is anyone gonna go anywhere with this? How is this any sort of legal or acceptable. I haven't heard anyone of tv talk about this in a serious manner. Only on twitter..?

Trump just called a black woman a dog and about 80% of the GOP don't think he's racist. The whole party needs to be defeated in November. Vote today in primaries if you have them. Vote in November like our country depends on it. It does.

Trump just called a black woman a dog and about 80% of the GOP don't think he's racist. The whole party needs to be defeated in November. Vote today in primaries if you have them. Vote in November like our country depends on it. It does.

Can someone explain to me why there are 7 million stories about the Dem "establishment" v. the left, when Tim Pawlenty is about to go down in Minnesota and Kobach beat a sitting Governor?

All of Bernie's biggest supporters attack Harris while Bernie says nothing. This is not coincidental and he's not ignorant of their actions.

? Every single attack I've seen is policy-based. Nothing I've seen is attacking her race/gender. Should people not scrutinize her record?

Exactly. There's things I disagree with Bernie on and I don't think talking about them means I'm "being divisive"

Please read this op ed by @BetoORourke on his experiences, the incredible racial inequality in the criminal justice system and how to fix it. He would be a Senator that Texas - and the country - could be proud of.

THEY ARE NOT PROTESTING THE NATIONAL ANTHEM. They are protesting police brutality. Please fix the tweet @cbsnews. And friends, please share this so they hear from all of us.

I still don't get it. If they're not protesting the National Anthem, why are they conducting their protest during the NA, directly linking it with same? If they're protesting police brutality, why aren't they protesting in front of police stations? NA not resp. 4 police brutality

Why don't you watch Beto's answer and this will be clear to you.

Not only does this headline misrepresent why and when the kneeling takes place, but it also misrepresents Beto to potential voters who, for whatever reason, don't read the article. It also creates a false talking point for Cruz and his surrogates.
You had one job. @CBSNews

I'm going to buy some Nikes. Also people dumb enough to think people are protesting the anthem instead of protesting the deaths of unarmed African Americans are dumb enough to burn their own sneakers.

So. Much. Drama. So very much. The drama queens must make their point at all costs, no matter how stupid they look, it appears.

If you mean helping elect George W Bush in 2000 and Trump in 2016 by the right side of history, sure. But for most of us, that is the wrong side of history. Bigly.

If you mean helping elect George W Bush in 2000 and Trump in 2016 by the right side of history, sure. But for most of us, that is the wrong side of history. Bigly.

I would literally pay for a service to purge @SusanSarandon in every form from my feed. This woman has borne no pain from her stance on Trump and seems perfectly happy at the suffering of others. Kids in cages. But thankfully she's inspired.

Trump not demanding a vote is HUGE news. I think McConnell needed that and fact it didn't happen seems to me huge.

According to the political analyst on @CNN, McConnell doesn't have the floor votes -- which bodes well for the FBI Investigation moving forward. Trump will pretty much have no choice (and they also said the Senate could request the investigation, but that was new to me)

Unless you are counting on him shielding you from a Mueller investigation and not challenging your pardon power ...

Exactly! They could have easily teed up someone else like Gorsuch by now. Assuming it's not just Trump's ego...makes you wonder what's up.

Trump not demanding a vote is HUGE news. I think McConnell needed that and fact it didn't happen seems to me huge.

According to the political analyst on @CNN, McConnell doesn't have the floor votes – which bodes well for the FBI investigation moving forward. Trump will pretty much have no choice (and they also said the Senate could request the investigation, but that was new to me)

Trump not demanding a vote is HUGE news. I think McConnell needed that and fact it didn't happen seems to me huge.

According to the political analyst on @CNN, McConnell doesn't have the floor votes -- which bodes well for the FBI Investigation moving forward. Trump will pretty much have no choice (and they also said the Senate could request the investigation, but that was new to me)

According to the political analyst on @CNN, McConnell doesn't have the floor votes -- which bodes well for the FBI Investigation moving forward. Trump will pretty much have no choice (and they also said the Senate could request the investigation, but that was new to me)

Exactly! They could have easily teed up someone else like Gorsuch by now. Assuming it's not just Trump's ego...makes you wonder what's up.

We have exactly 5 weeks til the election. In these times, it's not enough to vote. That's the minimum. You need to engage in the process
1 volunteer - canvas this weekend
2 donate - even a few dollars helps a campaign
3 talk to your friends & family about voting
4 postcardstovote

Instead of listening to pundits we need to canvas, phonebank, postcards to vote. Now it's all about turning out voters. We do that, we will win. Find some time this weekend to help. It will do your soul some good.

No big deal. Just the guy who died unexpectedly may have had a heads up on Russian hacking.

If this were a movie you'd say it was too obvious.

Anyone who's been following the Russia/Trump conspiracy knows Peter Smith, who was perfectly fine days before his untimely death, didn't commit suicide. I mean who commits suicide while writing a note that says "NO FOUL PLAY WHATSOEVER?" Sounds like the Russians got to him.

17 days before the election and I have a notice from Google warning me that Government-backed hackers may be trying to steal my account. Don't worry, there's (no longer) anything remotely interesting in my email. But don't think Russians or others are done with our elections.

Hackers must be disappointed when they keep hittting the jackpot of undeleted Bed Bath and Beyond 20% off coupon emails.

Hacker 1: what is this place and why not just make everything 20% cheaper?

Hacker 2: nyet idea but this Michaels needs to be monitored. Email every day.

Just a q: when this nyt upshot showed this race favoring the GOP incumbent, the entire political world saw doom for Dems. A few weeks later, the candidate are even and no similar discussion of how GOP is losing the House...What' sup with that?

Whoa. This is the line for early voting in #Houston. Literally people camped out last night so they could be among the first to vote. "This is one of the most important elections of our lifetimes," Cody Pogue tells me

Nobody at my early voting location in Hillsborough County (Tampa) this morning. I was a bit disappointed, but got my vote in regardless.

These people are awesome but isn't it completely outrageous that they have to wait for hours just to vote in this country?

It really is. I have never waited in a line more than 5 mins to vote. I would if that's what it took. I admire the hundreds of thousands or millions who do. Thank you

Resist. **Vote November 6th** @neeratanden — Follow

This is disgusting. Please stand against hate. Vote tomorrow.

Perry Gershon @perrygershon
US House candidate, NY-1
The rage in our country has got to stop. This was done to our sign on Nichols Road this afternoon. Not just because I am a Jew, expressions of anti-Semitism are despicable. We must stop the hate. Signs were defaced last week too. Opponents of each

Fox News and Sinclair Briadcasting and right-wing media in general act like state propaganda outlet. They market to low information voters. This is our national tragedy. Some Americans are willing to accept this hate. Something needs to be done. @AjitPaiFCC

What exactly are you "resisting" again? Free speech? Journalism. Free speech. Democracy. Accountability. Honesty.

People like you are the problem with this world.

Illegal charges, detentions, torture and other violations are what Karma comes for, not those who expose it.

I'm resisting journalist poseurs who aid Russian efforts to undermine our democracy while coordinating those attacks with Donald Trump Jr. Or did you forget that part while you're drinking the Assange kool-aid?

Mueller's probe is in DC, not Eastern District of Virginia. Whether or not Mueller is investigating Assange in relation to the democratic emails, the indictment that was revealed on Friday is unrelated.

On Trump Jr, you're peddling debunked fake news:

What exactly are you "resisting" again? Free speech? Journalism. Free speech. Democracy. Accountability. Honesty.

People like you are the problem with this world.

Illegal charges, detentions, torture and other violations are what Karma comes for, not those who expose it.

I'm resisting journalist poseurs who aid Russian efforts to undermine our democracy while coordinating those attacks with Donald Trump Jr. Or did you forget that part while you're drinking the Assange kool-aid?

Mueller's probe is in DC, not Eastern District of Virginia. Whether or not Mueller is investigating Assange in relation to the democratic emails, the indictment that was revealed on Friday is unrelated.

On Trump Jr, you're peddling debunked fake news:

What exactly are you "resisting" again? Free speech? Journalism. Free speech. Democracy. Accountability. Honesty.

People like you are the problem with this world.

Illegal charges, detentions, torture and other violations are what Karma comes for, not those who expose it.

I'm resisting journalist poseurs who aid Russian efforts to undermine our democracy while coordinating those attacks with Donald Trump Jr. Or did you forget that part while you're drinking the Assange kool-aid?

Mueller's probe is in DC, not Eastern District of Virginia. Whether or not Mueller is investigating Assange in relation to the democratic emails, the indictment that was revealed on Friday is unrelated.

On Trump Jr, you're peddling debunked fake news:

The irony here is LBJ was like the most establishment Democrat - something Sirota abhors- of the last 100 years. And look how effective he was!

David Sirota ✓ @davidsirota
Imagine looking at Congress passing Medicare, Medicaid, the Civ Rights Act & Voting Rights Act & then nonetheless declaring Pelosi "the most effective legislative mastermind & political tactician in modern history."

If any establishment Democrats today had the sort of will to stand up for the poor and oppressed that LBJ possessed, you wouldn't need to defend them against criticism from the likes of David Sirota.

Think about the devastation an uninspired base who stayed home in 2010 casused at all levels.

McConnell is goin to block Dem legislation and cause fights which turns off voters.

So key to D success in 20 will be keeping base engaged & inspired

NP is not that person.

The base? The base is women, POC, lgbtq - the base is behind NP for these next 2 years of rough waters. Thankful for her consistency, know-how/know-who, unparalleled successes, and commitment.
If you're talking about McConnell, perhaps direct your gaze at Schumer.

What happened in '10 was not unanticipated, it was in large part a reaction to the ACA, the US has always had a high case of loss aversion. People often stay home during midterms, sometimes people are even selfish enough to vote 3rd party in a GE

When all is said and done Dems will be closer to picking up 40 seats in the House than 30. Lots of seats in places Trump won.More Governor pickups than any party in 30 years. With all the gerrymandering, that, my friends, is a big blue wave. Hats off to everyone who worked for it

He's a fantastic candidate, and I can't wait to vote for @AftabPureval, and I can't wait until Steve Chabot is finally out of office.
